TRICK : INDUS VALLEY CIVILIZATION & IMPORTANT SITES:

Indus Valley civilization existed from 2500 BC to 1750 BC. What was the GEOGRAPHICAL EXTENT of the Indus valley civilization? LET US LEARN IT USING A MEMORY TRICK.....I AM SURE YOU WILL NEVER FORGET IT LATER

MEMORY TRICK : LEARN IT LIKE A STORY

One day MANDAKini (actress) went to do research on Indus valley sites and was chased by a villain in KASHMIR. She fought back and threw a ALMIRAH on him (ALMIRAH GIRAYA). Then she locked him inside it and threw the almirah to Uttar Pradesh. Her anger did not subside and so she took the almirah with villain inside and immersed it in a big DAM shouting BADMASH BADMASH in bombay (maharashtra)Then she took out the villain put him inside a SUITCASE (SUITCASE ke ANDAR) and threw it to pakistan.

MANDA = MANDAKINI (KASHMIR)

ALAMGIRPUR = ALMIRAH GIRAYA (UP)

DAIMABAD = DAM BADMASH (MAHARASHTRA)

SUTKEGENDOR = SUITCASE ke ANDAR (pakistan)

ALTERNATE MEMORY TRICK :- USE ACRONYM METHOD

DAIMABAD, ALAMGIRPUR, MANDA, SUTKEGENDOR = D A M S

Imagine DAMS built in all the border sites to protect the Indus valley civilization. But be careful....while memorising itself you should note the point that Daimabad is in the South and you are moving anti-clockwise from it.

(Eight fold path of Buddhism)

PSC exam questions on History portions can be easily memorised using memory methods. Below given is the eight fold path of Buddhism which Lord Buddha preached to kill desire.

The eight fold path are as follows...

RIGHT BELIEF	RIGHT SPEECH	RIGHT MEDITATION	RIGHT EFFORTS
RIGHT LIVELIHOOD	RIGHT THOUGHT	RIGHT ACTION	RIGHT REMEMBRANCE

MEMORY TRICK TO MEMORISE IN MINUTES :-

First step : Take the first letters of all We get, 8 fold path = BSMELTAR

(Then we try to form a word or sentence and then make a story around it. The main effort should be to make the story odd, illogical and imaginative. Only then your mind will retain it for long)

BSMELTAR =B SMEL TAR =Buddha SMEL TAR

IMAGINE: Buddha was standing on a National Highway . The road was a straight one. He lifted the road and folded 8 times and SMEL-LED it. He didnt like the smell of TAR and vomited. He placed the road back.

You should take efforts to close eyes and imagine the story. As soon as any question is asked on PATH of Buddhism, you can recollect Buddha+Road+8 FOLDS +SMEL+TAR....

STALAGMITE AND STALACTITE: HOW TO REMEMBER WITHOUT CONFUSION

We all know that STALAGMITES AND STALACTITES are icicles found in ancient caves. They are made of limestone-rich water dripping in one spot.

Many students confuse between these two in exams. Which one grows from bottom and which one from the top.

Here is a TRICK TO REMEMBER IT EASILY FOREVER.

STALAGMITE = IT HAS A LETTER 'G' IN IT = So it grows from GROUND

STALACTITE = IT HAS A LETTER 'C' IN IT = So it grows from the CEILING....
